About Nieuwkoop Europe

official Pottery Pots dealer

NL |

Nieuwkoop Europe is een toonaangevende groothandel met een uiteenlopend aanbod in hydrocultuur, groene planten, zijdeplanten, plantenbakken en exclusieve decoratie. Het bedrijf is sinds 1968 actief in de groene sector en transporteert inmiddels naar meer dan 40 landen wereldwijd. Nieuwkoop Europe biedt een zogeheten One-Stop-Solution. Als toonaangevende leverancier leggen wij de focus op een compleet aanbod in hoogkwalitatieve producten; uiteenlopend van groene planten en zijde planten tot plantenbakken en onderhoudsmiddelen. Dit biedt als voordeel dat u slechts één aanspreekpunt heeft om snel en gemakkelijk uw inkopen te regelen.

ENG |

Nieuwkoop Europe is a leading trade name with a wide range of hydroculture products, green plants, silk plants, planters and exclusive decorations. The company has operated in the green sector since 1968. Today, it transports to over 40 countries worldwide. Nieuwkoop Europe offers a full One-Stop-Solution. As the leading supplier, we focus on a complete range in high-quality products, from green plants and silk plants to planters and maintenance accessories. The benefit is that you need just a single point of contact to quickly and conveniently buy all you need.

DE |

Nieuwkoop Europe ist ein führendes Handelsunternehmen mit einem vielfältigen Angebot an Hydrokultur, grünen Pflanzen, künstlichen Pflanzen, Pflanzgefäß und exklusiver Dekoration. Das Unternehmen ist seit 1968 in der Gartebaumbranche tätig und inzwischen in mehr als 40 Ländern weltweit aktiv. Nieuwkoop Europe bietet eine sogenannte One-Stop-Solution. Als führender Lieferant konzentrieren wir uns auf ein

Komplettangebot an qualitativ hochwertigen Produkten; von Grün- und künstlichen Pflanzen bis hin zu Pflanzgefäß und Pflegeprodukten. Ihr Vorteil dabei ist, dass es nur eine Ansprechstelle gibt, bei der Sie schnell und einfach Ihre Einkäufe erledigen können.

FR |

Nieuwkoop Europe est une marque commerciale de premier plan proposant un assortiment varié de produits dans les domaines de l'hydroculture, des plantes vertes, des plantes en soie, des bacs à plantes et des articles de décoration exclusifs. L'entreprise, active depuis 1968 dans le secteur des jardins et espaces verts, transporte actuellement à plus de 40 pays du monde. Nieuwkoop Europe applique le système One-Stop-Solution. En tant que fournisseur de référence, notre priorité est d'offrir une gamme complète de produits de qualité supérieure, allant des plantes vertes et des plantes en soie aux bacs à plantes, en passant par les produits d'entretien. L'avantage de ce système est que vous ne devez vous adresser qu'à un seul interlocuteur pour régler rapidement et facilement vos achats.

'Nieuwkoop Europe offers a wide range of products and services. From high quality plants and planters to assembly and advice.'

About Pottery Pots

ENG |

Pottery Pots is a global brand with Dutch roots, developing and selling high quality planters and related products, from jumbo pottery to small accessories and from Glossy to Rough finishes. The company has its headquarter in Aalsmeer, the Netherlands, a second showroom and warehouse in Hamilton, New Jersey and another showroom in Atlanta, Georgia both in the United States of America.

Since the foundation of the company in 2008 they aim for an extensive assortment that is based on the belief that design should be available for everyone. That is why Pottery Pots is always looking for the perfect balance between design, quality and price. Every Pottery Pots product is designed from a simple but clever perspective. They believe in basic forms and shapes, without thinking of it as boring. This no-nonsense way of thinking and designing is assigned to the Dutch identity, and is widely known as 'Dutch design'.

To give you an overview, we proudly present to you this brand new catalogue that displays the complete assortment of Pottery Pots in a clear and fresh manner.

NL |

Pottery Pots is een internationaal merk met Nederlandse roots. Wij ontwikkelen en verkopen hoge kwaliteit plantenbakken en gerelateerde producten, van jumbo plantenbakken tot kleine accessoires, en van een Glossy afwerking tot stoere materialen. Het hoofdkantoor is gevestigd in Aalsmeer, Nederland.

Daarnaast heeft Pottery Pots nog een showroom en magazijn in Hamilton, New Jersey en een showroom in Atlanta, Georgia in de Verenigde Staten van Amerika.

Sinds de oprichting van het bedrijf in 2008 streven zij naar een uitgebreid assortiment dat gebaseerd is op de overtuiging dat design voor iedereen bereikbaar moet zijn. Pottery Pots zoekt daarom altijd naar de perfecte balans tussen design, kwaliteit en prijs. Elk product van Pottery Pots is ontworpen vanuit een simpel maar slim perspectief. Bij Pottery Pots geloven zij in basis vormen en modellen zonder deze als saai te zien. Deze nuchtere manier van denken en ontwerpen is te danken aan de Nederlandse identiteit en is algemeen bekend als 'Dutch design'.

Om u een compleet overzicht te geven van alle collecties en producten, presenteren wij u met trots deze gloednieuwe brochure waarin wij op een heldere en frisse nieuwe manier het complete assortiment van Pottery Pots tonen.

'Pottery Pots is a Dutch family business with the ambition to design and produce the best pottery and more.'

DE |

Pottery Pots ist eine globale Marke mit holländischen Wurzeln. Sie entwickelt und vertreibt Pflanzgefässe und verwandte Produkte von hoher Qualität: Von XXL-Gefässen bis hin zu kleinen Accessoires, mit glänzendem bis zu rauem Finish. Der Firmensitz befindet sich in Aalsmeer (Niederlande). Zudem besitzt Pottery Pots einen Showroom mit Lager in Hamilton (New Jersey, USA) sowie einen Showroom in Atlanta (Georgia, USA).

Seit der Betriebsgründung 2008 strebt Pottery Pots nach einer möglichst grossen Sortimentsvielfalt. Die Firma ist der Auffassung, dass Design für jedermann zugänglich sein sollte. Deshalb sucht sie stets nach der perfekten Balance zwischen Design, Qualität und Preis. Jedem Produkt liegt eine einfache, aber clevere Vorstellung zugrunde. Pottery Pots glaubt an schlichte Grundformen und Modelle, ohne sie indes langweilig aussehen zu lassen. Diese ungezwungene Denkweise und die daraus resultierende Art der Gestaltung entsprechen der niederländischen Identität und sind allgemein als „niederländisches Design“ bekannt.

In der vorliegenden neuen Broschüre finden Sie eine komplette Übersicht aller Kollektionen und Produkte des Pottery Pots-Sortiments.

FR |

Pottery Pots est une marque internationale avec des racines néerlandaises. La marque développe et commercialise des poteries de haute qualité et des produits s'y rattachant, de jardinières Jumbo à des petits accessoires, et d'une finition laquée aux matériaux robustes. Le bureau principal est situé à Aalsmeer, aux Pays-Bas. De plus Pottery Pots a aussi un showroom et un entrepôt à Hamilton, New Jersey et un showroom à Atlanta, Georgia en Amérique.

Depuis la création de l'entreprise en 2008, ils ont une vaste sélection qui repose sur la conviction que du design doit être accessible à tous. Pottery Pots

cherche toujours l'équilibre parfait entre design, qualité et prix. Chaque produit de Pottery Pots est conçu dans une perspective simple mais intelligente. Chez Pottery Pots Ils croient en des formes et modèles de base sans les voir comme ennuyeuses. Cette manière de pensée pragmatique et de conception est due à l'identité néerlandaise et mieux connue sous le nom de « Dutch design ».

Pour vous donner un aperçu complet de toutes les collections et les produits, nous vous présentons cette nouvelle brochure de la gamme complète de Pottery Pots dans une nouvelle façon lumineuse et fraîche.

The materials

Fiberstone

Essential collection | Natural collection | Platinum collection

Quality is of great importance to Pottery Pots and therefore we are very proud of the fiberstone material. fiberstone is based on the precious natural stone. The material consists of a mixture of fiberglass and stone powder. This combination ensures a durable material that is suitable for both indoor and outdoor use at any temperature. The high quality means that the products will last for years. The unique characteristics such as the different appearances, light weight and low maintenance makes this material a better alternative for planters and pottery. Fiberstone comes in a natural black or grey finish as well as a glossy or matte painted colour or the exclusive platinum finish. Please note: Items with a platinum finish are for indoor use only and should not be exposed to direct sunlight.

Ficonstone

Stone collection | Cement collection | Ridged collection

Ficonstone is a material made of fiberglass, cement, sand and finely ground stone. Ficonstone has a natural feeling and is slightly more heavy than fiberstone. The difference between fiberstone and ficonstone are the weight, the pricing and the finishing. The material is suitable for indoor and outdoor use in any weather. Ficonstone comes in three collections and in eight finishes. The Stone collection offers a coarse finish in two colours, Laterite grey and Light brushed. The Cement collection comes in a smooth finish in Charcoal or Sand cement. And the Ridged collection is offered in two colours, Dark grey and Light grey, either with a horizontal or vertical ridge.

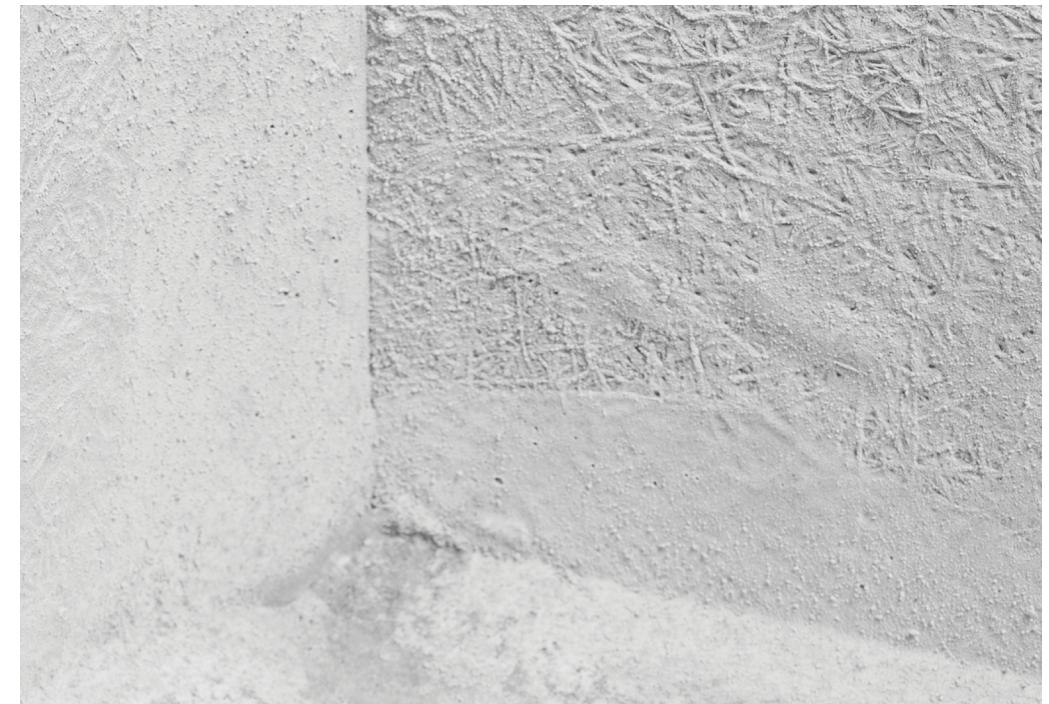

Sandstone Refined collection

The Sandstone material is a strong material composed of poly resin, stone powder and colour pigment. The material is ideally suited for round shapes. Very fine and thin lines are visible on the planters, which gives them their unique characteristic look. The sandstone material is offered in the Refined collection in various matte and earthy colours.

Fiberclay Rough collection

Fiberclay is a material from cement concrete mixed with glass fibers. The glass fibers reinforce the concrete base of this material. Due to the composition of this material it can only be used for round shapes. The material is moulded inside soft silicone, to give the planters their round shape. This way of production is similar to earth ware and clay productions, which explains the name of this material.

'Pottery Pots aims for an assortment that is made from durable materials that will last indoor and outdoor.'

Colour overview

ENG |

The colours have their own code (letters or numbers) and names. The colour code is always the last part of the article code of a product. In this overview we have tried to portray our colours as accurate as possible. Nevertheless it can happen that the shown colours may look different in reality. Please contact sales@nieuwkoop-europe.com to receive a colour sample or more information.

NL |

De kleuren hebben hun eigen code (letters of nummers) en namen. De kleur code is altijd het laatste deel van de artikelcode van een product. In dit overzicht hebben we geprobeerd de kleuren zo goed mogelijk weer te geven. Het kan echter voorkomen dat de kleuren in print of op het beeldscherm van uw computer anders overkomen dan in werkelijkheid. Neem contact op met sales@nieuwkoop-europe.com om een kleursample of meer informatie te ontvangen.

FR |

Les couleurs ont leur propre code (lettres ou chiffres) et noms. Le code de couleur est toujours la dernière partie du code d'article d'un produit. Dans cet aperçu nous avons essayé de montrer nos couleurs le plus précis possible. Néanmoins, il est possible que les couleurs indiquées peuvent être différents en vraie. Merci de contacter sales@nieuwkoop-europe.com pour recevoir un échantillon de couleur ou de plus samples renseignements.

DE |

Jede Farbe hat einen Code, der aus Buchstaben oder Zahlen sowie einem Namen besteht. Dieser bildet bei jedem Produkt den letzten Teil des Artikelcodes. In der Übersicht wurden die Farben möglichst naturgetreu wiedergegeben. Trotz aller Bemühungen ist es möglich, dass die Farben in der Broschüre oder auf dem Bildschirm des PCs leicht anders aussehen als in Realität. Wenden Sie sich im Zweifelsfalle an sales@nieuwkoop-europe.com, um ein Farbmuster oder weitere Informationen zu erhalten.

How to read this catalogue

-
- 1 | Name of the product
 - 2 | Available sizes with dimensions
 - 3 | Article codes per size with order unit
 - 4 | Colour code, needs to be added behind the code of the size you want to order
 - 5 | Water drop - this indicates watertight quality

Example

If you want to order the SUNNY in size M in Natural Grey the order code will be: E1110 - 20 - 03

Natural collection

fiberstone

The Natural collection is a large collection of basic and design planters all recognizable for their natural finish. All items in this collection are made from the strong material fiberstone. The look and feel are almost indistinguishable from real and more expensive natural stone. Because of the various sizes there will be a solution for any place.

*The black finish in this collection is not UV resistant.
Keep it black with our maintenance oil. See pg. 190.

Platinum collection

fiberstone

The Platinum collection is , as the name indicates, the most exclusive collection within the Pottery Pots range.

The platinum finish is unique in combination with our strong fiberstone material. This is a collection of purely eye-catching luxury pots made from high quality material with an exceptional finish.

Please note: The items in this collection are for indoor use only and should not be exposed to direct sunlight.

Cement collection

ficonstone

The Cement collection is a small collection of bestsellers in a special finish. The finish of the planters has the feeling of a fresh plastered wall. The smooth finish with uneven colour shades, give the products in this collection their cool and contemporary look. The robust ficonstone material is suitable for both indoor and outdoor and can therefore be placed in any environment.

Ridged collection

ficonstone

The Ridged collection is a classic collection with round shaped pottery and planters available in all kind of small and basic sizes. The pots have a delicate ribbed surface which makes them sturdy but elegant classics. The characteristic planters from the Ridged collection are made from ficonstone and can be used both indoor and outdoor.

Rough collection

fiberclay

The Rough collection is the rebellious one of the Pottery Pots family. With its 'less is more' mentality, the Rough collection focuses on the tough character of the pot. The collection, with a fiberclay basis, consists of modern planters with the same characteristic finish in many different colours.

Refined collection

sandstone

Deep, warm and soft shades derived from nature, are the basis of the new Pottery Pots Refined collection. Specially designed to bring back serenity and simplicity in the interior. The matte finish provides an earthy and pure sense of calm. Simple shapes and sleek finishes make this collection elegant and tasteful. The refined collection is made from sandstone, which makes it a lightweight, strong and refined collection.

Thanks to our large warehouse we can deliver most of our items directly from stock

Use & care

Our Use and Care range offers various products to maintain or upgrade your Pottery Pots planters. Most of our products can be used both indoor and outdoor. When products are placed outdoor a special outdoor treatment is required. The Use and Care accessories keep your products in the best condition possible.

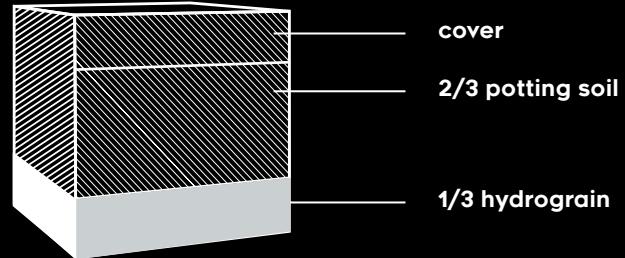

Instructions

Indoor

- Cover the inside with a water-resistant inner tray or pond liner.
- Put the planter in the right place.
- Fill the planter with 1/3 of hydro grain. The hydro grains contribute to the water management and make sure that your plants grow better.
- Then fill the planter with 2/3 of potting soil and place the plant in the planter.
- Last you can choose to cover the soil with a decorative layer of hydro grain, bark chips or groundcover plants.
- After filling the planter, we recommend not to replace the planter. The weight of the hydro grain and the potting soil could cause damage to the planter.

Outdoor

- Drill holes in the bottom of the planter. Use a 8-10 mm metal/wood drill.
- Drill several holes, the number of holes depends on the size of the planter. Document available upon request.
- Cover the holes with mesh, to make sure the soil cannot clog the holes.
- Make sure that planters without feet not directly make contact with the subsurface. Loose feet prevent this or a plant saucer can be used. See pg. 186.
- If you directly place a planter without feet on the subsurface, we recommend to drill the holes at the side of the planter instead of in the bottom. This best can be done 5 to 10 cm above the ground.
- A piece of duct tape placed where you want to drill the hole, will help keep the drill bit from slipping
- Fill the planter with 1/3 of hydro grain. The hydro grains contribute to the water management and make sure that your plants grow better.
- Then fill the planter with 2/3 of potting soil and place the plant in the planter.
- Last you can choose to cover the soil with a decorative layer of hydro grain, bark chips or groundcover plants.
- After filling the planter, we recommend not to replace the planter. The weight of the hydro grain and the potting soil could cause damage to the planter.

Pot feet

Bestseller

Set of 4

Ø 10 | H 1,2
16 - S4
order unit 1

Colours

W- Glossy white
B - Glossy black
G - Glossy grey
S - Glossy sand
R - Glossy red
MW - Matte white
01 - Natural black
03 - Natural grey
32 - Laterite grey
39 - Light brushed
60 - Charcoal cement
55 - Sand cement

Material

When using the planter outdoor, make sure the pot has a drainage hole and use the Pottery Pots pot feet to lift the planter from the ground. These allow the water to drain away from the pot.

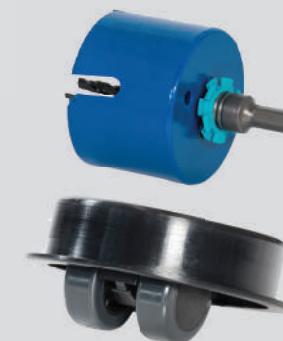

Pot wheel

Wheel

Ø 9,8 | H 4,5
30 - B
order unit 1

Drill

Ø 8,5 | H 13,3
30 - DRILL85
order unit 1

Information

Make your planters easy movable with the special pot wheels. For both indoor and outdoor use. The wheels can be used in combination with the drainage pipe to make sure the water leaves the planter at the desired area. Download the installation manual on our website.

Plastic pot insert

S
Ø 35 | H 25
300 - 350 - NA
order unit 1

M
Ø 40 | H 30
300 - 400 - NA
order unit 1

L
Ø 45 | H 35
300 - 450 - NA
order unit 1

Information

Make your planter water tight with a plastic pot insert. The inserts are waterproof and easy to use indoor. Available in different sizes and also for use in hydroculture. Preferably use an insert that is just too big, to make sure the water does now flow through the insert.

Pot drainage pipe

Drainage pipe
Ø 5,1 | H 5
31 - B
order unit 1

Drill
Ø 3,5 | H 13,3
31 - DRILL35MM
order unit 1

Information

The drainage pipe contributes to the water management of your planter and makes sure that your plants grow better. With the drainage pipe the water leaves the planter at the desired area. Download the installation manual on our website.
